STI College Alabang 1st year	2024-2025

JOB BACKGROUND/EXPERIENCE

I worked for five months at JNT which is near TUP taguig. In these five months here I have experienced how difficult it is to work. It's hard work, but what you're working for doesn't go to you. My job here is to put parcels and sacks inside the truck and it needs to be filled, it is very difficult because it is very hot inside the truck.
